DETAILED ACTION

Allowable Subject Matter

1. Claims 2-4 are allowed.
2. The following is an examiner's statement of reasons for allowance: Regarding claim 2, prior art taken either singularly or in combination fails to anticipate or fairly suggest the limitations of the dependent claims, in such manner that a rejection under 35 U.S.C 102 or 103 would be proper. The prior art fails to teach a combination of all the claimed features as presented in independent claims, which at least include the molded lens satisfying $R1=R2$ and $1 < H/R1 < 2$ as claimed.

Regarding claim 3, prior art taken either singularly or in combination fails to anticipate or fairly suggest the limitations of the dependent claims, in such manner that a rejection under 35 U.S.C 102 or 103 would be proper. The prior art fails to teach a combination of all the claimed features as presented in independent claims, which at least include the molded lens satisfying $R1=R2$, $1 < H1/R1 < 2$ and $H1-H2 > 0.1$ as claimed.

Regarding claim 4, prior art taken either singularly or in combination fails to anticipate or fairly suggest the limitations of the dependent claims, in such manner that a rejection under 35 U.S.C 102 or 103 would be proper. The prior art fails to teach a combination of all the claimed features as presented in independent claims, which include a molded lens satisfying $R1=R2$ and $1 < H/R1 < 2$ as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
